[GAMTORCH™ Specifications](#)

- GAMTORCH™, the RealFlameTorch for your productions
- Tested and proven in hundreds of stage performances and outdoor spectacles
- Produces 16 inches of real flame from solid GAM Fuel pellets
- Virtually smokeless and odorless, GAMTORCH™ is non-toxic and clean burning
- A real flame source that is environmentally safe

The automatic safety release latch will instantly snuff out the flame when the performers release their grip on the handle.

Load one to four GAMFuel pellets into the fire chamber, depending on the size of flame you desire. Four GAMFuel pellets will give you about 15 minutes of a 16 inch flame. The clean burning pellets leave almost no residue.

Size: 21.5 in x 1.78 in.
(55 x 4.5 cm)

Diameter: 1.7 in (4.3 cm)

Weight: 2 lbs 8oz. (1.13 kgs)

Housing: 16 gauge steel tubing

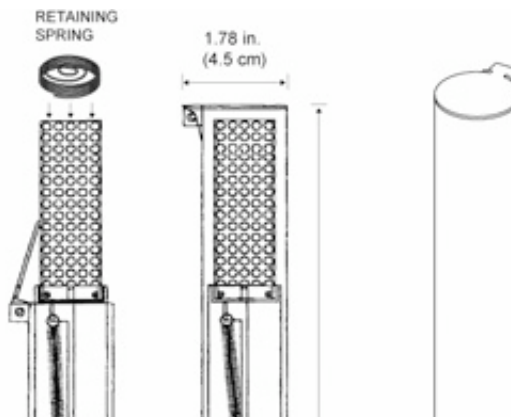

Finish: Hi-temp matte black paint

Patented

Item Number	Description
RF777	GAMTORCH™
RF14-24	GAMFuel (Carton of 14 trays)
RF24	GAMFuel (Tray of 24 pellets)

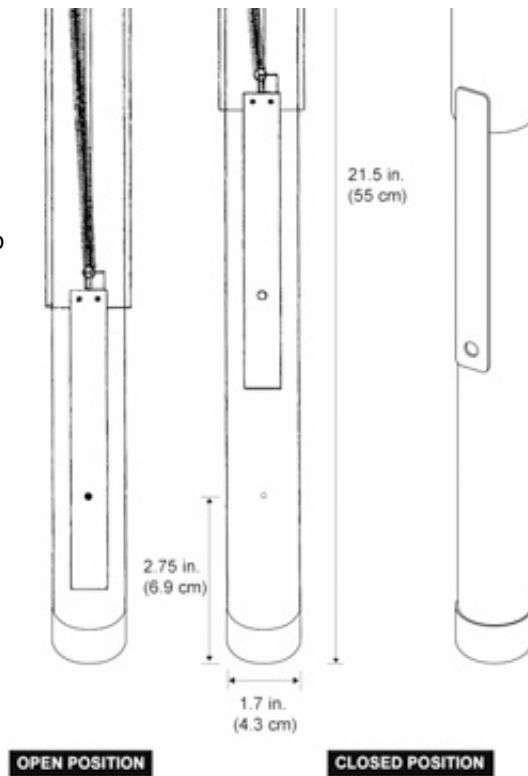

Self-extinguishing real flame torch shall be manufactured from steel tubing. The handle shall be 1.510 in. in outside diameter and a wall thickness of .090 in. The Flame Containment Tubing shall be 1.760 in. outside diameter and a wall thickness of 0.65 in. The overall length of the Torch shall be 21.5 in. (55 cm) and a diameter of 1.7 in. (4.3 cm) and shall weigh 2.5 lbs. Finish shall be high temperature flat black paint.

Outer tubing slides down to expose perforated metal fire chamber that is 4 in. high, with a 1.5 in. outside diameter. In the open position the Fire Chamber can accept up to four GamFuel Pellets and is secured by a safety retaining spring. A latch

button will be positioned on handle tubing to help secure Flame Containment Sleeve when hand held in the open position.

Flame Containment Sleeve shall be spring loaded to the inside handle tubing. Should the Torch be released for any reason it will automatically and swiftly engulf the entire fire chamber and the additional spring loaded Containment Lid will clamp over the top, smothering the flames. This swift operation is automatic any time the handle is released. A black hilt cap will be provided at the bottom to cover the handle opening. Real Flame Torch shall be GamTorch™, model # RF777, as manufactured by GAMPRODUCTS, INC. • LOS ANGELES, CA . Catalog Number RF777.

The time in Los Angeles, California is 11:06 am Friday, March 14, 2008. The GAM staff is on duty to answer your questions from 8:00 a.m. to 5:00 p.m., Monday through Friday (except holidays). For assistance, call toll free in the US and Canada 888-GAMCOLOR or 323-935-4975 (Country code 1).
