

REEL CREATIONS™, INC.
SAFETY DATA SHEET

IDENTITY (REEL™ BLOOD)
REEL™ BLOOD (Original Formula, Aged & Lung)

Manufacturer & Address:
REEL CREATIONS™, INC.
7831 Alabama Ave., #21
Canoga Park, CA. 91304

EMERGENCY TELEPHONE NO:
CHEMTREC U.S. (800) 424-9300
INTERNATIONAL (703) 527-3887
Information Telephone No:
(818) 346-7335
Date Prepared:
03/18/2014

SECTION I – INGREDIENT/IDENTITY INFORMATION

Product: 62/44 Corn Syrup
Chemical Family: Mixed Carbohydrates
Product Main Ingredients: 62/44 Corn Syrup & De-Ionized H2O (98.3%)
Trade Name: Corn Syrup Chemical Family: Mixture of Carbohydrates
Formula: (C6 H10 O5)N + H2O

SECTION II – HAZARDOUS INGREDIENTS

Component/Ingredient % Specific Gravity: 1.43

Hazardous Components: None – Non-toxic

Proprietary Product: Specific product ingredients are withheld as trade secret information. Health hazards and physical properties are identified on this sheet. All information contained herein are listed at their maximum ratings that could affect any cautions, warnings, health and environmental hazards. This product has been formulated to be used topically on the skin for visual or photographic effects as a cosmetic make-up either in its wet state, its dry state and/or in the mouth.

WARNINGS: N.A. NON-FLAMMABLESS

CAUTIONS: Not for ingestion.

Do not put into eyes or any orifices of the body.

KEEP AWAY FROM CHILDREN – Adult supervision is recommended.

SECTION III – PHYSICAL/CHEMICAL CHARACTERISTICS

Boiling Point: 226-227F Specific Gravity: 1.4167
Vapor Density: (Air = 1) N.A. Vapor Pressure (mm Hg.): 37-39
Percent Volatile by Volume: N.A. Melting Point: N.A.
Solubility in Water: Complete % Moisture: 23.00%
Appearance and Odor: Red (Blood) with a sweet slightly citric odor

SECTION IV – FIRE AND EXPLOSION HAZARD DATA

Flash Point (Method Used): N.A. Auto Ignition Temperature: N.A.

Flammable Limits: N.A. Extinguishing Media: Water

Special Fire Fighting Procedures: None Unusual Fire & Explosion Hazards: None

SECTION V – REACTIVITY DATA

Stability: Stable Specific Gravity: N.A.

Hazardous Polymerization: Will Not Occur Incompatibility: None

Hazardous Decomposition: None - CO2/Water

Conditions to Avoid: Blending with strong oxidizers could decompose rapidly - CO2Water

SECTION VI – PRECAUTIONS FOR SAFE HANDLING

PRECAUTIONARY STATEMENTS

NEUTRALIZING CHEMICALS: N/A

If material is released or spilled: Flush with water

Waste Disposal methods: Flush with water. Dispose of according to local Disposal regulations.

Storage Requirements: Suitable food or cosmetic grade containers.

Keep in temperatures between 40°F & 80°F

SECTION VII – HEALTH HAZARD DATA

(A) CARCINOGENICITY NTP IARC OSHA REGULATED

N/A NO NO NO

EFFECTS AND HAZARDS OF OVEREXPOSURE (ACUTE & CHRONIC):

Eyes: Possible acute irritation Inhalation: N.A.

Ingestion: Non-toxic but **NOT** a food product.

Skin: Generally a non-irritant. Prolonged continual exposure may (not likely) be irritating in rare circumstances. May stain skin temporarily.

(B) EMERGENCY AND FIRST AID PROCEDURES:

Inhalation: N.A.

Ingestion: Drink water or milk and determine if a physician is needed. Because of sweet taste, children may be inclined to eat this product. KEEP AWAY FROM CHILDREN – Adult supervision is recommended.

Skin Exposure: Wash with soap and water. Apply moisturizer or anti-biotic salve if necessary.

Eye Exposure: Flush with water or saline solution and determine if a physician is needed.

Overexposure: Acute: - None Chronic: - None

In rare cases, prolonged contact with skin may cause irritation. This product is a cosmetic and even under the best conditions, some people will be allergic to some form of cosmetic ingredients even though these ingredients have been tested by the FDA and declared safe. Follow First Aid procedures stated above. People with pre-existing skin disorders or eye problems may be more susceptible to the effects of this product.

SECTION VIII – OCCUPATIONAL CONTROL MEASURES

Airborne Exposure Limits: N.A.

Skin Protection: This product is a cosmetic and formulated to be used on the skin. No protective clothing is required unless desired.

Eye Protection: Avoid eye contact from splashing. In the entertainment industry, this means close eyes if splashing occurs, generally small amounts in eyes will not harm them. Wash with water or saline solution.

All cosmetology practices should be employed at all times.

Other Precautions: This product can and/or will culture bacteria. It is necessary to properly store this product between 40°F and 80°F. All precautions have been taken during manufacturing such as pasteurization, preservative added and bacteria testing. It is important that containers should not be left open. Do not pour used product back into containers and of special note – DO NOT use reclamation or

SECTION VIII – OCCUPATIONAL CONTROL MEASURES (Cont.)

recirculation systems when skin contact occurs. Because of sweet taste, children may be inclined to eat this product. KEEP AWAY FROM CHILDREN or have adult supervision.

REEL™ Blood can stain clothing. REEL CREATIONS™, INC. makes no claims that REEL™ Blood will not stain, however, we do claim that it is very washable. Use soap and water to wash (normal laundering for removal. Use Oxy Clean, Chlorox (when applicable) or water-soluble stain removers when appropriate. DO NOT DRY CLEAN until all blood is totally removed. Dry Cleaning will set the stain – guaranteed.

Avoid porous materials such as plaster, carpet (especially padding) etc., - if staining is not desired. Steam cleaning of carpets usually works but padding may absorb enough product to cause future bleeding. Always test first if you are not sure and are concerned about possible staining.

SECTION IX - TRANSPORTATION INFORMATION

NO SPECIAL TRANSPORTATION REQUIREMENTS NECESSARY.
